

SHANTI GYAN NIKETAN SR. SEC. PUBLIC SCHOOL
SESSION: 2023 - 24
SUMMER HOLIDAY HOMEWORK

Dear Parents,

Summer Vacation.....!!!

It is one perfect time for your ward to relax, introspect and rejuvenate. It's the time to seek out ways to make their passion come alive. We at SGN firmly believe in moulding our young learners to become active and responsible citizens of tomorrow.

Summer time is fun time. Children must have started making plans to visit their grandparents and relatives. It will be great if the children spend some time with them and gift them something that is handmade and designed by the children only which will surely make them feel special.

The Holiday Homework has been framed by keeping in mind the individual needs of the child and based on the Theme of "Water is our life".

For the next one and a half months, you, their natural guardian will spend the vacation with them. Let's share some tips to make this period a fruitful and happy period.

- ✚ Have at least two meals together with your ward. Ask them not to waste their food.
- ✚ "A healthy mind lives in a healthy body". Encourage your child to go for a morning walk and play in the park in the evenings during the long summer break.
- ✚ Encourage them to join some activity classes or learn something new during their holidays. They should spend some time reading storybooks, newspapers, watching interesting and informative programmes.
- ✚ Allow them to help you in cooking. Let them make their own vegetable and fruit salad.
- ✚ They should be persuaded to help you by cleaning up their room & arranging their cupboard and to donate things that they do not need to an NGO.
- ✚ Gently cheer your child to raise a kitchen garden by planting seeds. Knowledge about plants and trees are integral part of your child's growing up.
- ✚ Try to find time to take your ward to museums and monuments.
- ✚ Motivate your ward to write a short story, paragraph, poem or a little report about some amusing experience or a memorable moment along with pictures. These will be published in the news letter during the year.
- ✚ Share stories about your childhood and your family history.

NOTE: As PT-I is scheduled from July 17, ensure them to prepare the syllabus well.

Summer vacation are starting from 16th May and the school will reopen on 3rd July 2023

HAVE A FUN FILLED VACATION!

Ms. Anubha Trivedi
(Incharge, Middle Wing)

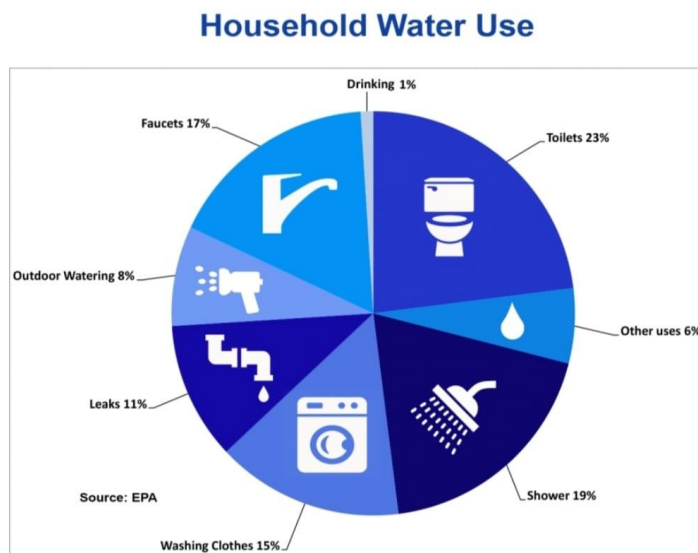

**SUMMER HOLIDAY WORK
SESSION 2023-2024
CLASS VIII**

ENGLISH:

- To enhance your Reading skills, read the story based on Moral Values given in **Holiday Project Booklet** in Grammar Workbook and solve the exercise.
 1. How Much land does a Man Need? (Page No. 30)
 2. Peter Pan (Page No. 34)
- Make a project on idioms related to Water (at least 10 idioms). You can draw or paste the pictures accordingly to make your work attractive. (Do it on A3 size sheet)
- Do given worksheets of tenses given on page number 214, 215 in Grammar Book.
- Read any one book of your choice and be ready for a book review activity in classroom.
- Revise the literature part done so far.

MATHS:

Understanding your own water usage:

To understand individual water use is to look at your water bill – not just the amount due, but how much water you used. Based on the same re- draw the given pie chart after calculating the approximate percentage of water used for each category at your home and express each percentage as simplified fraction.

(On A-3 sheet, use your creativity and different colours to make it attractive.)

- Prepare a working model to find square of numbers (1- 10) (Roll number 1-10)
- A working model to find five types of quadrilaterals) (Roll number 11-20)
- A working model to find cube of (1-10) numbers.(Roll number 21-30)

■ A working model to show:

Commutative property for addition of rational numbers, Associative property for addition of rational numbers, Additive identity, Additive inverse, Multiplicative inverse or Reciprocal.(Roll number 31 onwards)

■ Learn tables (2-20)

■ Do the given assignments.

■ Revise chapters done so far.
