

Dear Parents,

Summer vacation is a much-awaited time for students – a season of joy, relaxation, and exploration. As we welcome this break, it is also an opportunity to engage Niketians in meaningful activities that foster awareness, responsibility, and creativity.

This year, we encourage our students to dedicate their holiday homework to the theme "Save Environment". With the growing challenges of climate change, pollution, and depleting natural resources, it is essential to nurture environmentally conscious citizens from an early age.

Through this theme, we aim to inspire students to observe their surroundings, understand environmental issues, and take small but impactful actions to protect our planet. Whether it's through art, research, writing, or hands-on eco-friendly initiatives, each contribution matters. Holiday homework will not only enable them/themselves to summarize what was taught but will also help them to connect to various learning processes.

Let this summer be a season of thoughtful learning and positive change. Together, let's build a greener and healthier future.

Suggestions that will make your vacation more enjoyable:

1. Drink plenty of juice and water to avoid dehydration.
2. Have at least one meal together with your child and encourage home cooked and fresh food. Ask them not to waste their food.
3. "A healthy mind resides in a healthy body". Encourage your child to go for a morning walk and spend some time doing yoga, exercise and meditation for mental & physical wellbeing.
4. Assist your wards to be independent by giving them responsibilities & duties at home.
5. Encourage your ward to converse in English with peers, siblings and relatives to improve their proficiency in English language.
6. Also indulge your ward to join various nearby academies to do numerous activities that can bring out their hidden talents and will be helpful in polishing their skills.
7. You are requested to provide a conducive environment at home to enhance creativity in your child.
8. Holiday Homework is a part of subject enrichment and will be assessed on the basis of creativity and efforts of the students.

NOTE: As PT-I is scheduled from July 06, ensure them to prepare the syllabus well. Summer vacation are starting from May 16 and the school will reopen on July 1, 2025.

Wishing you a productive and enjoyable summer vacation !

**Ms. Anubha Trivedi
(Incharge, Middle Wing)**

SHANTI GYAN NIKETAN SR. SEC. PUBLIC SCHOOL

SUMMER HOLIDAY WORK

SESSION 2025-2026

CLASS VII
